ORDINANCE NO. 14856-2024

AN ORDINANCE INSTITUTIONALIZING ORGANIC AGRICULTURE IN THE CITY OF CAGAYAN DE ORO AND INTEGRATING INDIGENOUS AND NATURAL FARMING SYSTEMS AND FOR OTHER PURPOSES

Whereas, Organic Agriculture ("OA") promotes the production of crops, animals, and other products without the use of synthetic chemical fertilizers and pesticides, providing healthier food to consumers and rejuvenating soil health;

Whereas, the organic agriculture production system is a promising solution to end hunger given that it heightened the promotion of human and environmental health while contributing to the country's goal of food security - having safe, nutritious, and affordable food available and accessible at all times;

Whereas, Republic Act No. 10068, otherwise known as the "*Organic Agriculture Act of 2010*", institutionalized our country's movement towards developing organic agriculture as a farming scheme that would guarantee food and environmental safety and to further strengthen sustainable agriculture and save on expenses for importation of farm inputs.

Whereas, Republic Act No. 11511, otherwise known as "*An Act Amending Republic Act No. 10068 or the Organic Agriculture Act*", declared the policy of the State to promote, propagate, develop further, and implement the practice of organic agriculture in the Philippines that will cumulatively condition and enrich the fertility of the soil, increase farm productivity and farmers' incomes, reduce pollution and destruction of the environment, prevent the depletion of natural resources, encourage the participation of indigenous organic farmers in promoting their sustainable practices, further protect the health of farmers, consumers, and the general public, save on imported farm inputs and promote food self-sufficiency. Towards this end, a comprehensive program for the promotion of community-based organic agriculture systems which include, among others, farmer-produced organic soil amendments, bio-control agents, and other farm inputs, together with a nationwide educational and promotional campaign for their use and processing shall be established;

Whereas, the *Organic Agriculture Act of 2010* established the National Organic Agriculture Program ("NOAP"), a comprehensive organic agricultural program through the promotion and commercialization of organic farming practices, cultivation, and adoption of production and processing methods that have already been developed, or to be developed, continuing research and upgrading thereof, the capacity building of farmers and the education of consumers thereon, the extension of assistance to local government units ("LGUs"), peoples' organizations ("POs"), nongovernment organizations ("NGOs") and other stakeholders including individuals and groups who are practicing and promoting these methods as well as those who are willing to do other pertinent activities, and documentation and evaluation of the program;

Whereas, the Department of Agriculture ("DA") issued Memorandum Circular No. 45 of 2022 entitled "*Guidelines on the Implementation of Organic Agriculture Livelihood Projects ("OALP")*", which aims to strengthen and empower existing organic practitioners' and farmers' groups through the establishment of organic agriculture livelihood projects. The livelihood project shall serve as a business integrator of organic farms, that is, producer and supplier of organic inputs, provider of farm services, as well as the consolidator and marketing arm of organic produce and products;

Whereas, the *Guidelines on the Implementation of OALP* provide that Local Government Units ("LGUs") with ordinances and programs on organic agriculture are eligible beneficiaries for national interventions;

Whereas, the Implementing Rules and Regulations (IRR) of Republic Act No. 10068 as amended by Republic Act No. 11511, provides that the LGU has the primary role of implementing the program at the local level adopting an intervention strategy to sustain and mainstream the practice and to promote the full implementation of organic agriculture as a strategy to address local issues and problems concerning on food security, environment, health and wellness, and poverty alleviation, it is imperative to allocate funds to support the program, and that the NOAP – National

objectives as embodied in the GAP Code is to ensure the safety and quality of agricultural produce in the food chain, to capture new market advantages by modifying supply chain governance, improving natural resources use, workers health and working conditions and to create new market opportunities for farmers and exporters in developing countries.

These good agricultural practices may allow the farmers to adapt in the meantime and as the preparatory stage in shifting to organic agriculture practices in conformity with the established GAP approaches, regulations, and control to address environmental, economic, and social sustainability from on-farm production and post-production processes resulting in the production of safe and healthy food and non-food agricultural products.

SECTION 12. Access to Organic Programs. - The City Government of Cagayan de Oro through the APOO shall support small and organic farmers through assistance in accessing programs from other national agencies.

SECTION 13. Retailing of Organic Produce - All organic products must be labeled as "ORGANIC" for display and sale. Retail establishments or stores selling organic produce must designate a separate, suitable, and accessible area specifically for displaying organic products. These products should be clearly labeled to prevent mixing and adulteration with non-organic produce.

SECTION 14. Organic Produce Household Consumption Strategy; Golden Rule - To supplement the reward and punishment strategy adopted in this ordinance hopefully to encourage farmers to engage in organic farming, to promote this practice, and persuade consumers to patronize organic farm products, the original practice of organic food production for household consumption is hereby, to some extent, revive a strategy, whereby organic farm practitioners are mandated to save a percentage of their produce for their own consumption to manifest that they also eat what they offer for sale, to belie any doubt in the collective mind of the consuming public that their claimed organic products are truly organically produced as the producers cannot be fooling their own selves.

Invoking the application of the golden rule "do not do unto others what you don't want others to do unto you".

SECTION 15. Conservation of Indigenous Farm Practices – The CDOC-OAP shall see to it that certain measures shall be established, by the farming communities, including indigenous people's communities, to conserve and protect indigenous peoples' knowledge relating to organic agriculture, including those that relate to seed conservation and propagation and the various ways in which on-farm and on-site mechanisms are established and sustained and be integrated in the organic agriculture program of this city.

Dear Hon. Uy:

This pertains to the **MEMORANDUM OF AGREEMENT (MOA)** to be entered into by and between the Department of Agrarian Reform (DAR), Department of Public Works and Highways (DPWH) – Bridges Management Cluster – Unified Project Management Office (BMC-UPMO) and the City Government of Cagayan de Oro, for the construction of **SITIO BUTAY BRIDGE located in Brgy. Moreover, the Local Finance Committee¹ and the City Engineer's Office² have also forwarded their comments and/or recommendations regarding the *DUTIES AND RESPONSIBILITIES OF THE LOCAL GOVERNMENT UNIT (LGU)* as outlined in the subject MOA. It is also particularly noteworthy that the primary office concerned, the City Engineer's Office, has no objections to the provisions of the MOA.

Thus, this Office recommends that the *Memorandum of Agreement* be duly forwarded to the Honorable Members of the City Council for their favorable consideration, with a request for an **Ordinance** with an authority for the City Mayor to sign the said document, pursuant to Sec. 455 (1) (vi)³ of the Local Government Code.

INVESTIGATION/VERIFICATION REPORT

July 16, 2024

Engr. Joel V. Momongan
City Engineer

Sir:

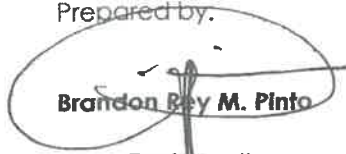

This is in compliance with the letter request of **Atty. Kenneth O. Tamala**, City Legal Officer, City Legal Office, this city, requesting for survey/ocular inspection and comments/recommendations of the **PROPOSED CONSTRUCTION OF BRIDGE AT SITIO BUTAY, DANSOLIHON**, that per technical site evaluation per actual ground survey conducted by personnel of this office, the following are the findings and observations, to wit:

1. The proposed bridge is located at Sitio Butay, Dansolihon (**8°17'12.3"N 124°31'43.1"E**) and is around 10km more or less from the national road;
2. The proposed bridge to be constructed is within the existing barangay road;
3. That there is an existing waterway where the proposed bridge is to be built and no box culvert or spillway is present on the site;
4. That when there is heavy rainfall, the watercourse is unpassable;
5. There is no existing house or structure within the affected area.
6. No Power or Water utilities are present along the site to be affected by the proposed bridge.
7. The left side of the location going to Sitio Taguile is the hillside which is covered by vegetative grass and naturally grown trees, and the right side is the ravine or bank side.

Recommendations:

1. There is no affected structure along the proposed bridge project but there are naturally grown trees that might be affected by the widening of the road for a proper alignment of the road;
2. There were no existing power and water utilities affected if the project pushed through;
3. Additional support of the LGU, if possible, is to include a budget to construct a lateral drainage line to channel the flow of run-off water down to the existing waterway;
4. Other concerns, there is no legal objection regarding the content of the Memorandum of Agreement (MOA).

S I R:

Greetings!

Relative to the Tulay ng Pangulo para sa Kaunlarang Pang-agraryo (TPKP) Phase I Project implementation in Region 10, we wish to inform you that the allocated bridge for Congressman Rufus B. Rodriguez in Sitio Kilibay, Barangay Agusan, 2nd District of Cagayan de Oro was not yet implemented to date since a Reinforced Concrete Box Culvert (RCBC) has been constructed in the original site. Despite our effort to find other locations in the 2nd District of Cagayan de Oro, we failed to find an alternate site which prompted us to write a letter to Congressman Rufus B. Rodriguez to transfer the site to the 1st District of Cagayan de Oro after we found an alternate site in Sitio Butay, Barangay Dansolihon, Cagayan de Oro City as we conducted a joint validation with the engineers of the City Engineers Office of Cagayan de Oro and DPWH-BMC-UPMO.

Attached are the following for your information:

1. Letter of approval from Congressman Rufus B. Rodriguez to transfer the site from Sitio Kilibay, Agusan, 2nd District of Cagayan de Oro City to Sitio Butay, Dansolihon, 1st District of Cagayan de Oro City.
2. Letter to Congressman Rufus B. Rodriguez with validation pictures of the proposed transfer site that passed the criteria for TPKP bridges.

Anticipating your approval of this transfer as we look forward for the implementation of this bridge soonest.

HON. RUFUS B. RODRIGUEZ
Representative, 2nd Congressional District - Cagayan de Oro City
House of Representatives, Quezon City

Dear Congressman Rodriguez

Greetings!

This is in relation to the Tulay ng Pangulo para sa Kaunlarang Pang-agraryo (TPKP) project of our Department of which your District was allocated with two (2) Bridges one (1) of which has been implemented and completed specifically the Purok 7 - Purok 1A Bridge in Tablon, Cagayan de Oro City and the other one (1) was not yet implemented to date since a Reinforced Concrete Box Culvert (RCBC) was already constructed in the original site.

During a visit to your office to inform you to transfer the bridge site, you suggested to transfer it to Barangay Bugo, Cagayan de Oro City. But during validation however, all proposed locations are not feasible and we received a feedback from your office to transfer it still to Sitio Kilibay, Agusan but on the upstream part on of the river where a proposed road crosses.

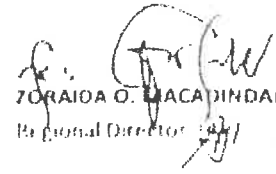

During our re-validation with DPWH-BMC-UPMO however, Barangay Captain Andrew Meliza refused the bridge for the reason that the access road to the site is not passable by a Forty (40) Footer Trailer carrying very heavy load, one of the requirement for the site to be feasible. Also Chairman Meliza added that they have already a budgetted a spillway on the site and we looked for another site in your Congressional District but we failed to find one.

As there is a need to really implement the bridge as soon as possible as this is the only remaining bridge not implemented nationwide, we consulted the City Engineers Office for possible site still in Cagayan de Oro City. Since we could not find one in the 2nd Congressional District, Cagayan de Oro, we opted to look for a site in the 1st Congressional District and we found a site in Sitio Butay, Barangay Dansolihon, Cagayan de Oro City which is along the road going to the proposed Cagayan de Oro City College that could accomodate the 22.8 linear meter bridge allocated in Sitio Kilihay, Agusan, Cagayan de Oro City.

In this regard, we are asking your permission to allow us to transfer the Proposed Bridge from Sitio Kilibay, Agusan 2nd Congressional District Cagayan de Oro City to Sitio Butay, Dansolihon, 1st Congressional District Cagayan de Oro City so we can still implement the bridge the soonest.

Anticipating with full gratitude for your kind consideration and permission to this request.

Very truly yours,
