Dear Atty. Rollo,

Greetings!

specifically; 20 Est + W by Road

This is in response to your letter relative to the intent of Pueblo de Oro Development Corporation to donate to the City of Cagayan de Oro the El Camino Road Extension located in Pueblo de Oro Business Park, Carmen, Cagayan de Oro.

with title in dem. of the lots, he or she Subjected Required

The draft Deed of Donation provided description of the properties which are considered to be the subject to this Deed, which includes completed road and proposed road lots of Westwoods Bypass Road as identified in the list below and described individually by annexed titles (Annexes 1 to 2).

ITEM	TCT NO.	LOT NO.	AREA	UNIT CLASSIFICATION	ANNEX
1	T-137-2019004701	1-D-2	11,638 sqm	Road Lot	1
2	T-137-2023000760	1-D-3-B-1	274 sqm	Road Lot	2
3	To Follow	1-A-1	10,910 sqm	Proposed Road Lot	
4	To Follow	1-C-3	113 sqm	Proposed Road Lot	
5	To Follow	1-D-1-A	1,816 sqm	Proposed Road Lot	

In this connection, kindly be informed that this Office has thoroughly reviewed the above-mentioned letter, and finds the application of the legal point specified therein to be premature, based on the following grounds, to wit:

1. That the same lacks documents that would aid in the verification of the details of these lots sought to be donated.

It is therefore recommended that certified true copies of the Transfer Certificate of Title, Tax Declaration, approved subdivision plan, site development plan and all other pertinent documents that may be used for the verification and determination for the best possible recommendation and legal opinion of this office for the best interest of the City Government of Cagayan de Oro.

2. That the following details so specified in the Deed of Donation involves technical description of the lots and transfer certificate of title.

It is further recommended that the same shall be forwarded to the City Assessment Department in order for the City to exercise due diligence to conduct its own verification on the actual location and the actual area of the lots sought

[Signature] 7/19/24

to be donated. Thus the expert opinion of the City Assessment Department shall necessarily be required.

3. That the ownership of the said property is yet to be transferred to the name of Pueblo de Oro.

Hence, this office is of the opinion and recommendation that comments from the City Engineer's Office should be necessarily required on the determination of the ownership of the said lots and on whether the said property may possibly have adverse claimants.

4. The road that is said to be constructed over the same lots is still unfinished.

Hence, this office is of the opinion and recommendation that the City Engineer's Office shall also provide their opinion based on their technical expertise on what would be the best possible action of the City Government considering that the said road that is sought to be donated still remains to be unfinished.

5. It was stated that the same property may be used in order to provide an access road in order to de congest the traffic condition in the uptown area of the City.

Hence, considering that the said donation is separate and distinct from all other request for donations from the Pueblo De Oro as it does not involve a subdivision or housing project as it only involves a road, this office is of the opinion and recommendation that, the proper approach on the matter is to submit a project proposal for the same. The said proposal shall indicate the purpose and the feasibility study that is conducted in relation to the impending concern that is sought to be provided with a solution through the donation of the lots. The donation shall only be part of the said proposal as the City Government will have no other justification in accepting the donation of an unfinished road and that it will be the City Government that will assume the obligation of the completion of the same.

6. Since the City is in the process of developing its City Land Use Plan and that the said donation is intended to help provide an access road for the uptown portion of the City, it is also most respectfully recommended that these matter shall be forwarded to the City Planning and Development Office for their comments and expert opinion based on their technical expertise.

In sum, the City Government finds the intent to donate on the part of Pueblo de Oro these subject **properties described in the** proposed draft of the Deed of Donation to be premature as it is wanting of all the necessary documents and that opinion from all the other offices shall also be necessary in order for the City Government to consider its best possible decision over the matter as it seeks to protect the interest of the people of Cagayan de Oro in general.

Dear Honorable Mayor Uy:

In response to the letter of City Housing and Urban Development Department (CHUDD) dated December 13, 2023, suggesting for the re-submission of the donation documents of the roads, open spaces, and common areas of our completed project namely Westwoods Village in order to smoothen and speed up our donation, we are re-submitting the related documents as follows:

1. Letter of intent for Turnover/Donation
2. Deed of Donation (4 Sets)
3. Photocopy of Approved Subdivision Development Permit (*Original submission received March 31, 2022*)
 - ✓ Site Development Plan (*Donated Areas Highlighted*)
 - ✓ Drainage Plan
 - ✓ Water Supply Distribution Layout Plan
 - ✓ Road Plan
4. Photocopies of Transfer Certificate of Titles for the donated lots
5. Photocopy of Certificate of Completion and License to Sell from DSHUD
6. HOA Board Resolution of Interposing No Objection of the Turnover/Donation

Further, we would like to reiterate that the original donation documents were submitted to CHUDD on March 31, 2022. With this and under Presidential Decrees 957 and 1216, Pueblo de Oro Development Corporation (PDO) formally donates to the City of Cagayan de Oro the Roads, Open Spaces, Common Areas, and Detention Pond of Westwoods Village.

Thus, PDO as developer shall be freed from the responsibility for maintaining and operating the subdivision, which shall be the rightful responsibility of the property owners through their bona fide homeowner's association.

We look forward to a more sustained mutually beneficial relationship with you in this regard.

Dear Honorable Mayor Uy:

On March 31, 2022 Pueblo de Oro Development Corporation (PDO) under Presidential Decrees 957 and 1216 donated the Roads, Open Spaces, Common Areas, and Detention Pond of Westwoods Village located in Barangay Carmen, Cagayan de Oro City.

In response to the letter of the City Housing and Urban Development Department (CHUDD) requesting for the re-submission of the donation documents of the above, on February 07, 2024 we submitted again the donation documents after collating all the attachments and annexes to comply and expedite the donation process. This time, the company decided not to include the detention pond since it is not part of the approved Subdivision Plan of Westwoods Village.

We are writing in compliance to the instruction of the Local Housing Board during its most recent meeting last April 25, 2024 to submit a written explanation why the facility is not anymore part of the donated properties.

We look forward to a more sustained mutually beneficial relationship with you in this regard.

METHODOLOGY IN THE DETERMINATION OF ESTIMATED MARKET VALUES OF A HECTARE OF AGRICULTURAL LAND

In this Schedule of Market Values of lands, the Income Approach Method was used to estimate values of agricultural lands per hectare.

Formula for the Income Approach Method is as follows:

$$V = \frac{GI - PE}{CR} \quad \text{or} \quad V = \frac{NI}{CR}$$

Where:

- V = Value estimate of the Land
- GI = Gross Income
- PE = Production Expenses
- CR = Capital Rate
- NI = Net Income

PRODUCTION EXPENSES - includes labor cost, Material Costs and other Expenses

LABOR COST - Includes Land Preparation, Fertilization, Spraying, Harvesting, and Hauling (determine as man/day, man-animal/day and man/machine/day)

MATERIAL COST - includes fertilizers, chemicals and equipment such as sprayers, etc.

OTHER EXPENSES - includes interest on loan borrowing, land tax, irrigation fees, and other miscellaneous expenses.

NET INCOME - is the income derived from gross income less production expenses.

CAPITAL RATE - is the average interest rate on agricultural loans by bank in the Locality to determine 2nd class, multiply by 80%, 3rd class by 60%, 4th class by 40% and 5th class by 20% to the first class which is 100% of the estimated value of the land.

V	2.2%	2.0%	1.7%	1.3%	1.1%	33.0%

In the excess of the rate of annual depreciation, bigger rate may be granted for extra ordinary causes, if properly presented and described as in the case of the following:

1. Damage due to catastrophe (earthquake, fire, deluge)
2. Heavily damage due to pest (termite, *anay* or pest)
3. Established defects of construction
4. Obsolescence or loss in value for any reason other than physical depreciation to wit:
 - a) Functional Obsolescence - loss in value due to causes which are within the property. It is presented in structures which are functionally and/or esthetically deficient, although it may be ideally located.
 - b) Economic Obsolescence - loss of value due to causes which are outside the property.

CAUSES OF FUNCTIONAL OBSOLESCENCE

- 1) SUPER ADEQUACY - There is surplus utility in the structure such as sizes and number of Rooms above normal requirements.
- 2) INADEQUACY - Constituents items which are functionally deficient such as sizes and of bedrooms below normal standards.
- 3) ANTIQUE DESIGN - Absence of architectural attractiveness and structural obsolescence such as the presence of high ceilings, extra thick walls, lack of insulation, etc.
- 4) ECCENTRIC DESIGN - The design may satisfy the fancies of the owner, but not the prospective buyers, so that if the property is offered for sale, the value of the of the property may be low.
- 5) OUTMODED EQUIPMENT - This includes outmoded and inadequate equipment. Example is old style lightning equipment, air conditioning unit, etc.

CAUSES OF ECONOMIC OBSOLESCENCE

- 1) LOCATION - Building structures improperly located suffers loss in value.
- 2) OVER-IMPROVEMENT OF SIZES - Occurs where the investment or cost of structures is great for the site.
- 3) ZONING ORDINANCES - Which changes the value of the district or permit the entry of desirable types of structures causing loss in the value of already existing building.
- 4) PROXIMITY OF NUISANCE - This cause is more frequently met in residual areas. Example is closeness to factory, lumber yards, exposure to smoke, noise or odor.

270 which a value is not herein fixed, it shall be appraised on the basis of the market values
271 independent of this schedule.

272 For lands, the basis of market values shall be adjacent to or surrounding the subject
273 property prevailing in the locality where the property is located as fixed by this schedule. Likewise,
274 lands which have been classified in the herein schedule of values as either commercial,
275 residential, industrial or agricultural but whose use or classification has, since the approval of this
