41 **B. ON SPECIAL REPORT**

42 i. Councilor James K. Judith II has proposed that disputes involving Indigenous Peoples (IPs) should

43 first be referred to the *Pasagé*, the Indigenous Peoples' Justice System, before being lodged with the
 44 Katarungang Pambarangay. This proposal aims to respect and uphold the traditional conflict
 45 resolution mechanisms of IPs, ensuring their cultural practices are honored. It seeks to integrate
 46 indigenous legal traditions into the broader justice system, promoting more inclusive and culturally
 47 sensitive dispute resolution.

48 *Action Taken: The Report was referred to the Committee on Cultural Communities for study and appropriate*
 49 *action.*

50 ii. Councilor Roger G. Abaday reported about the persistent flooding in the areas of Bulua,
 51 Kasuwagan, Bonbon, and Carmen, which have worsened by the ongoing rainy season, even as—
 52 per information from the Department of Public Works and Highways (DPWH)—all drainage projects
 53 in these areas are 100% finished. The persistent flooding is primarily due to heavily silted canals
 54 that hinders proper water flow, leading to recurrent flooding during heavy rains. To address this
 55 issue, he recommended for a coordinated effort between the DPWH, the City Engineering Office
 56 and barangays officials for the removal of the silt and implementation of sustainable measures to
 57 prevent future flooding, ensuring the drainage systems function effectively during the rainy season.

58 *Action Taken: The Report was referred jointly to the Committee on Public Works and on Barangay Affairs for*
 59 *study and appropriate action.*

 RESETTLEMENT SOCIALIZED HOUSING PROJECT (CDORSHP)
 4, AS THE SILK COCOONS PRODUCTION HUB AND SILK
 WEAVING VILLAGE OF CAGAYAN DE ORO CITY**

DATE : June 20, 2024

Warm Greetings!

This pertains to the Department's proposal to declare **CDORSHP 4 as the Silk Cocoons Production Hub and Silk Weaving Village of Cagayan de Oro City**. Given the city and country's robust economic performance and positive economic outlook; the high demand for silk fabric in our country matched with the enthusiasm of the Balubal Sericulture Farmers; and the eagerness of existing and potential partners like the Philippine Fiber Industry Development Authority (PhilFIDA), it is imperative to expand and strengthen the Silkworm Rearing Project in CDORSHP 4. This will also put CDO on the Philippine Silk Industry map as the lead in Mindanao and eventually in our country.

To facilitate the proposal's progress, we respectfully request your esteemed office's review and recommendation on the resolution. Your valuable input on this matter would be greatly appreciated.

For your information and appropriate action.

Hence, should your good office find the terms and conditions in the *Memorandum of Agreement* amenable and for the best interests of the City Government, and assuming that the City can fully comply with it, then this Office recommends that said *Memorandum of Agreement* be duly forwarded to the Honorable Members of the City Council for their favorable consideration, with a request for an Ordinance authorizing the City Mayor to enter into and sign the same, pursuant to Sec. 455 (1) (vi) of the Local Government Code.

Dear Sir:

We express our gratitude in the enactment of **City Ordinance No. 14838-2024**, a copy of which is attached herewith. However, there is a slight error in the title of the ordinance that we wish to be corrected through an amendment or whatever the 20th City Council deems necessary to make the ordinance accurate.

There has been a change in the directorship of the Agricultural Training Institute - Regional Training Center 10 (ATI-RTC X). We believe that when the Department of Agriculture drafted the Memorandum of Agreement (MOA), the name of the former director was written as a signatory of the MOA instead of the new one, and this caused the inclusion of the former director's name in the title of Ordinance No. 14838-2024.

The undersigned apologizes for this inconsistency, and we respectfully request upon your good Office to make the necessary correction.

Thank you and God Bless.

 REMARKS
 2023-1443 - Agriculture

This pertains to the revised Proposed Ordinance entitled "An Ordinance Institutionalizing Organic Agriculture in the City of Cagayan de Oro and Integrating Indigenous and Natural Farming System and for Other Purposes", which was forwarded before this Office last 25 April 2024, for legal advice and appropriate action.

In this connection, kindly be informed that this Office has thoroughly reviewed the above-mentioned Proposed Ordinance and the following observations and recommendations are respectfully forwarded:

1. This office has taken the initiative to amend the Proposed Ordinance by incorporating additional "WHEREAS clauses"; introducing additional terms in Section 3 (Definition of Terms), and making other revisions to elucidate the purpose of the Proposed Ordinance better. These amendments aim to enhance clarity and ensure alignment with the objectives outlined in the Department of Agriculture's Memorandum Circular No. 45 (*Guidelines on the Implementation of Organic Agriculture Livelihood Projects*).

Kindly refer to the attached revised Ordinance, the additions/revisions are printed in **green ink**.

2. In addition, kindly refer to the additional essential suggestions/recommendations in the Proposed Ordinance (in **red ink**), to wit:

a. In SECTION 7. ORGANIC AGRICULTURE PRACTITIONERS ORGANIZATION, it is highly suggested that the **City Mayor** shall establish the Organic Agriculture Practitioners Organization (CDOC-OAP), specifying its powers, function/s and/or purpose/s, as well as

appointing its chairperson, vice-chairperson and the members, through an Executive Order.

b. In SECTION 13. RETAILING OF ORGANIC PRODUCE of the Proposed Ordinance, it is strongly recommended to include **either** potential **incentives** or **penalties** for non-compliance with labeling requirements for organic products. This will incentivize and encourage compliance with the Ordinance.

The grant of incentives in observing the Proposed Ordinance is in line with Sec. 24 (b) of R.A. No. 10068 (Organic Agriculture Act of 2010), to wit:

SEC. 24. Incentives. — The government shall extend incentives for the production and propagation of organic farm inputs by maximizing their use in all government and government-supported agricultural production, research, and demonstration programs.

(b) Identification by LGUs of local taxes that may be offered as incentives to organic input production and utilization;

c. It is likewise strongly recommended to **exclude** SECTION 14. ORGANIC PRODUCE HOUSEHOLD CONSUMPTION STRATEGY; GOLDEN RULE, as the principles of the 'golden rule' do not necessarily require legislative enactment (ordinance). Such ethical principles are already enshrined in the Civil Code of the Philippines, particularly in Article 19 thereof which states that: "*Every person must, in the exercise of his rights and in the performance of his duties, act with justice, give everyone his due, and observe honesty and good faith.*" On the other hand, such provision may be added to the WHEREAS clauses of the proposed Ordinance if your office deems it appropriate.

d. Given the urgency of the Proposed Ordinance and the potential need for additional provisions and clarifications during its implementation, it is highly recommended to include a provision for its **Implementing Rules and Regulations**. This provision may be formulated as follows:

SECTION __. Within six (6) months after the approval of this Ordinance, the APOO in coordination with the CDOC-OAP shall formulate and issue the appropriate rules and regulations necessary for the efficient and effective implementation of this

Ordinance and shall be effective upon approval of the City Mayor through an Executive Order.

For your guidance and information.

85 benefit the environment and promote fair relationships and good quality
86 of life for all involved.
- 87 c) **Organic production system** – refers to a system designed to (1) enhance
88 biological diversity within the whole system; (2) increase soil biological

91 the use of nonrenewable resources; (5) rely on renewable resources in
92 locally organized agricultural systems; (6) promote the healthy use of soil,
93 water, and air as well as minimize all forms of pollution thereto that may
94 result from agricultural practices; (7) develop and promote the use of
95 biotechnology in agriculture; (8) handle agricultural products with
96 emphasis on careful processing methods in order to maintain the organic
97 integrity and vital qualities of the product at all stages; and (9) become
98 established on any existing farm through a period of conversion, the
99 appropriate length of which is determined by site-specific factors such
100 as the history of the land, and the type of crops and livestock to be
101 produced.

- 102 d) **Small farmers** – refers to marginal and sub-marginal household farmers
103 including Urban Container Household Gardeners (UCHG) and communal
104 gardeners cultivating not more than one-half (1/2) hectare of farm lot, as
105 well as those utilizing not more than five (5) hectares of land for the single
106 purpose of, or a combination of the following purposes for, agricultural
107 crop production, including rice and corn, aquaculture, and poultry/
108 livestock raising: *Provided*, That poultry/livestock raising shall not have
109 more than the following:

 - 111 • Swine/native pigs - 10 sow level or 20 fatteners
 - 112 • Cattle - 10 fatteners or 5 breeders
 - 113 • Dairy - 10 milking cows
 - 114 • Goats, sheep, and other small ruminants – 50 heads
- 115 e) **Conversion Period** - refers to the time between the start of the organic
116 management and the certification of crops, animal husbandry or
117 aquaculture products as organic production venture.
- 118 f) **Biodegradable Wastes** – refer to organic matter for compost/organic
119 fertilizer for organic cultivation, farming of food crops and include
120 discards segregated farm nonbiodegradable wastes coming from the
121 kitchen/household, yard or garden, market, and farm wastes.
- 122 g) **Good Agricultural Practices (GAP)** - refer to specific methods which,
123 when applied to agriculture, create food for consumers or further
124 processing that is safe and wholesome.
- 125 h) **Inorganic farming** – refers to an agriculture production method, that
126 involves the use of man-made products or inputs such as pesticides,
127 herbicides, and other synthetic chemicals or substances.
- 128 i) **Natural Farming System** - an agroecology-based diversified farming
129 system that integrates crops, trees, and livestock with functional
130 biodiversity.

131 **SECTION 4. Promotion of Organic Farming Practice** - It shall be one of the major
132 objectives of the City Government of Cagayan de Oro through the City Agricultural
133 Productivity Operations Office (APOO) to promote and develop organic agriculture in the
134 city. The APOO will actively promote organic farming through educational initiatives, market
135 support, and community engagement.

136 **SECTION 5. Organic Agriculture Practitioners' Registry.** - There shall be
137 established in this City an Organic Farmers Registry which is a sub-registry of farmers
138 consisting of organic agriculture practitioners, listed accordingly and records for each
139 practitioner shall be permanently maintained in the APOO as the repository of such
140 records, maintaining a record for each barangay so as not to clutter the records and for
141 easy retrieval. The registry shall contain essential information for every organic agriculture
142 practitioner, including identity, farmland details, farm products, and practices. All entries
143 shall adhere strictly to data privacy and confidentiality regulations, as stipulated in the Data
144 Privacy Act of 2012 and other relevant rules and regulations.

145 **SECTION 6. Periodic Update of Registry.** Subsequently, the registry shall undergo
146 annual updates utilizing available means to ensure proper monitoring, evaluation,
147 education, and provision of support.

148 **SECTION 7. Organic Agriculture Practitioners Organization.** To strengthen the
149 registry system and to realize the full implementation of this ordinance with the primordial
150 aim of carrying the mandate of the *Organic Agriculture Act of 2010*, the City Mayor shall
151 establish the Cagayan de Oro City Organic Agriculture Practitioners Organization (CDOC-

152 OAP), specifying its powers, function/s and/or purpose/s, as well as appointing the
153 chairperson, vice-chairperson, and members thereof, through an Executive Order.

154 **SECTION 8. Organic Agriculture Practitioners' Education.** To ensure that farmers
155 understand, appreciate, and internalize the importance of organic agricultural farming, and
156 subsequently adopt this practice, sustained efforts to educate them must be
157 institutionalized. This initiative will be spearheaded by the City Government of Cagayan de
158 Oro through the APOO, in consultation with the CDOC-OAP.

159 **SECTION 9. Adoption of Good Agricultural Practices (Gap) as Springboard to**
160 **Organic Agriculture.** - Based on developing trends supporting the movement that organic
161 agriculture is no longer an option but a necessity, considering the adverse effect of
162 inorganic farming on health, ecology, atmosphere, and Mother Earth as a whole, the City
163 Government of Cagayan de Oro through the APOO pursues and promotes a farming system
164 using good agricultural practices, adopting the thrust of the Food and Agriculture
165 Organization of the United Nations, whose main objectives as embodied in the GAP Code
166 is to ensure the safety and quality of agricultural produce in the food chain, to capture new
167 market advantages by modifying supply chain governance, improving natural resources use,
168 workers health and working conditions and to create new market opportunities for farmers
169 and exporters in developing countries.

170 These good agricultural practices may allow the farmers to adapt in the meantime
171 and as the preparatory stage in shifting to organic agriculture practices in conformity with
172 the established GAP approaches, regulations, and control to address environmental,
173 economic, and social sustainability from on-farm production and post-production
174 processes resulting in the production of safe and healthy food and non-food agricultural
175 products.

176 **SECTION 10. Convergence of Gap and Organic Agriculture Practices.** - Through
177 the slow and deliberate process of education, information, and dissemination pursued
178 through demonstrations, training, farm immersions, and the like, the City Government of
179 Cagayan de Oro through the APOO, shall endeavor to wield together good agricultural
180 practices and organic agriculture practices with the end view of making organic agriculture
181 as the main agricultural practices of farmers in Cagayan de Oro City.

182 **SECTION 11. Support Service to Organic Farmers** - The City Government of
183 Cagayan de Oro through the APOO shall ensure support to organic farmers who wish to
184 engage in organic agriculture such as training, production, marketing, and branding,
185 including financial management and accounting, among other necessary skills to develop
186 an organic product that will secure a market niche, including the practice of fair trade.

187 Support services shall also be primarily extended to small and marginalized farmers
188 and women's groups including the promotion, enhancement, and fulfillment of their rights
189 as defined in national laws.

190 **SECTION 12. Access to Organic Programs.** The City Government of Cagayan de
191 Oro through the APOO shall support small and organic farmers through assistance in
192 accessing programs from other national agencies.

193 **SECTION 13. Retailing Of Organic Produce** - All organic products must be labeled
194 as '**organic**' for display and sale. Retail establishments or stores selling organic produce
195 must designate a separate, suitable, and accessible area specifically for displaying organic
196 products. These products should be clearly labeled to prevent mixing and adulteration with
197 non-organic produce.

198 **SECTION 14. Organic Produce Household Consumption Strategy; Golden Rule** -
199 To supplement the reward and punishment strategy adopted in this ordinance hopefully to
200 encourage farmers to engage in organic farming, to promote this practice, and persuade
201 consumers to patronize organic farm products, the original practice of organic food

202 production for household consumption is hereby, to some extent, revive a strategy,
203 whereby organic farm practitioners are mandated to save a percentage of their produce for
204 their own consumption to manifest that they also eat what they offer for sale, to belie any
205 doubt in the collective mind of the consuming public that their claimed organic products
206 are truly organically produced as the producers cannot be fooling their own selves.

207 Invoking the application of the golden rule "do not do unto others what you don't
208 want others to do unto you."

209 **SECTION 15. Conservation of Indigenous Farm Practices** – The CDOC-OAP shall
210 see to it that certain measures shall be established, by the farming communities, including
211 indigenous people's communities, to conserve and protect indigenous peoples' knowledge
212 relating to organic agriculture, including those that relate to seed conservation and
213 propagation and the various ways in which on-farm and on-site mechanisms are
214 established and sustained and be integrated in the organic agriculture program of this city.

215 **SECTION 16. Convergence of Proper Waste Disposal and Organic Agriculture**
216 **Systems** – The City Government of Cagayan de Oro pursues the convergence of its waste
217 disposal management plan and organic agriculture plan and shall constantly devise and
218 implement ways and means not only of producing organic fertilizers and other farm inputs
219 and needs on and off the farm but also helping to alleviate the problems of community
220 garbage through disposal, using appropriate methods of sorting, collecting and
221 composting.

222 The APOO shall conduct continuing consultations among the people and officials
223 involved as well as POs and NGOs, to advise its component barangays on the collection
224 and disposal of garbage and waste in such a way as to provide raw materials for the
225 production of organic fertilizers and other farm inputs.

226 **SECTION 17. Separability Clause** - If any provision of this ordinance is declared
227 invalid or unconstitutional, the other provisions not affected thereby shall remain in full
228 force and effect.

229 **SECTION 18. Repealing Clause** - All ordinances, executive orders, rules, and
230 regulations or parts thereof contrary to or inconsistent with this ordinance are hereby
231 repealed, amended, or modified accordingly.

232 **SECTION 19. Effectivity** - This ordinance shall take effect upon its approval.

CITY PLANNING AND DEVELOPMENT OFFICE

9 July 2024

HON. EDGAR S. CABANLAS

Majority Floor Leader

Chairperson, Committee on Subdivision and Landed Estate

20th City Council

Dear **Councilor Cabanlas**;

This refers to the **116 rezone and 30 reclass requests** of various lot owners endorsed and/or received by this office as of year 2023 (please see attached list of rezone and reclass requests).

These requests were already endorsed by the Local Zoning Review Committee (LZRC) in its meeting conducted last 23 November 2023. It was consequently endorsed by the City Development Council (CDC) during the Full Council Meeting last 04 June 2024. A copy of the signed resolution will be transmitted to the council upon the receipt of the signed document.

In cognizance with the ongoing efforts of updating the city's Comprehensive Land Use Plan (CLUP), the Department of Human Settlements and Urban Development (DHSUD) – X reminded this office that any change on the CLUP, through reclass or rezone, is allowed once within every five-year planning period. Further, DHSUD X recommends that the above-mentioned requests, should these be favorably endorsed by the council, can take effect on the updated CLUP.

Rest assured that the City Planning and Development Office (CPDO) remains steadfast in its mandates and duties to ensure efficient and transparent public service, whilst abiding to the required government rules and regulations.

Thank you.

Very truly yours,

capdv
